

## PRIVATE DAVIS SAYS HE'S SURE WINNER

Congressional Candidate Gives Figures On Counties To Show How He'll Do It

Private George T. Davis, of Casey county, told the voters here Monday that he is certain to win the Congressional primary election next Saturday. He says that his friends are proving loyal all over the district and that he has met with a magnificent response in his appeal to vote for the man who served through the fighting in Europe as a private soldier in the ranks.

Mr. Davis branded as malicious and false reports that he has withdrawn from the race. He says he is in it until the bell rings and is a sure winner. He is absolutely confident; there's no doubt of it, and he has made such a close canvass of the district, he says, that he is making figures on it. He says that his friends over the district tell him that he will carry at least five counties, and run mightily close in several others. He gave the Daily Register the following estimates he has made on the different counties of the district:

Casey—For Davis by 1,000.  
Adair—For Davis by 800.  
Lincoln—For Davis by 300.  
Boyle—For Davis by 200.  
Jessamine—For Davis by 100.  
Anderson—For Rippey by 250.  
Davis—a close second.

Merceer—Very close between the three candidates; with not 200 votes difference between the top and bottom man.

Shelby—Very close between Davis and Gilbert.

Madison—For Rippey by 500; but Davis says he is expecting to receive a mighty nice vote here.

Garrard—For Rippey by 200.

Private Davis says that he is unable to advertise his campaign in the newspapers during the last of the race as his opponents are doing, as he has had to borrow money to meet his expenses so far and none of his friends even inclined to pay for any advertising for him as others are doing. He says that he gave up his practice during the war and fought in the ranks for his country and that he did not come out of the army with sufficient funds to pay more than his bare expenses.

## OHIO HAS FIVE SONS IN PRESIDENTIAL RACE

(By Associated Press) Cleveland, O., August 2.—Ohio, "the mother of Presidents," now has five nominees on five tickets in the presidential and vice presidential derby. Three are editors and publishers, and the fourth is the head of a book publishing house, and the fifth is a Methodist clergyman. Two candidates for vice president are Clevelanders.

In addition to James M. Cox, Democratic nominee for President, editor and publisher of the Dayton News and Springfield News, and Warren G. Harding, of Marion, republican nominee for President, editor and publisher of the Marion Star, the new additions to Ohio's list are the Rev. Aaron S. Watkins, of Germantown, O., formerly lawyer and college head and now prohibition candidate for the presidency; Max S. Hayes, Cleveland former labor party's nominee; Max S. Hayes, Cleveland, Farmer-Labor party's nominee for vice president, editor and publisher of the Cleveland Citizen, a weekly labor paper, and Richard C. Barnum, Cleveland, Single Tax party's nominee for vice president. He is head of a book publishing concern and is regarded here as the tallest candidate who has ever aspired to that office. He stands six feet and eight inches in his stocking feet. He was born in Texas 39 years ago.

## Former Richmond Man Is Among Old Timers

Kentucky seems to be the home of ancient men. Andrew H. Hill, negro, 537 Emma street, Lexington, has records to prove that he is 110 years old, or 13 years older than Uncle John Shelt, of Ephemer, fame. Hill was born at Fort Estill, about four miles from Richmond, Ky. in June, 1810, on the plantation of Richard Dunsell.

## Ex-Governor Hanly, of Indiana, Killed Sunday

(By Associated Press) Dennison, O., Aug. 2.—The body of J. Frank Hanly, former Governor of Indiana, who was killed near here yesterday, when a freight train struck the automobile in which he was riding, was taken to Indianapolis today. Dr. and Mrs. C. M. Baker, of Kilgore, O., other occupants of the car, were also killed.

## BIG MEETING OF AMERICAN LEGION

New Officers and Other Important Matters To Be Taken Up Monday Night

There will be a business meeting Monday night of the Jesse M. Dykes Post, No. 12, American Legion, at which important business will be transacted, and it is the desire of the officers that all members be present. There are many at the court day proceedings and other attractions, and it is expected many who reside out of the city will remain for the meeting.

There will be the first election of officers and there are said to be a number of candidates and this feature alone will be unusual in point of interest. There will be other matters pertaining to the interest of the organization and membership that will make it interesting to all. Adjutant Spears Turley, in speaking of the welfare of the organization, stated that it would forge to the front in many ways since other posts were taking up measures and it was the intention of the local post to do so.

"The meeting Monday night will be one," said Adjutant Turley, "that will interest every member and ex-service man who is not a member, should be there with his application, and it will be given consideration. There are many yet who are on the outside, who will appreciate being affiliated with the organization in the near future, when the social and other matters which the officers have in mind, are developed. It is our desire to have a new set of officers, as well as many new members as possible, and the men will, in the course of time, recognize the fact that they will be greatly benefited by belonging to the local post."

It is known to be the intention of the members to have a permanent home in the near future, form a Women's Auxiliary, and prepare to select delegates to the convention at Louisville, which will be held before long, and it is the intention to get the members together as soon as possible.

## KOREAN SITUATION

(By Associated Press) Tokyo, August 2.—Dr. Senshi Egi, a member of the House of Peers, on returning from an inspection of condition in Korea, is quoted as making the following reference to foreign missionaries: "I have done my best to get at the truth of the reports that have been circulated regarding the investigation of Korean students by their missionary teachers against the Japanese authorities, but have found that with very few exceptions, the rumors are not true. The impression left on me was that the missionaries are honestly striving to develop the country in order that it may yield good results to the Koreans. Whatever their motives, there is no reason why Japanese should not welcome those efforts."

Dr. Egi said that Korea has attained striking progress since the inauguration of the new regime. "But," he added, "there is yet room for improvement. While I was in Korea, I took every opportunity to meet representative Koreans and learn their point of view. The most intelligent of them have realized that it is futile to try to establish an independent government. But I think it is very necessary that the Japanese should know that the Koreans aim at local autonomy."

## The Girls' Orchestra of the I. O. O. F. Home at Lexington, Will render a program at the Methodist church Tuesday night at 8 o'clock. There will be many delightful musical selections and recitations. All are invited; admission free.

185 2

## ONE FATALLY HURT IN SUNDAY GUN BATTLE

Freeman's Hollow the Scene of Shooting of Mount Purcival By Thomas Alcorn

A battle with guns Sunday morning at the home of Thomas Alcorn, one mile south of Bobtown, Freeman's Hollow, will in all probability terminate in the death of Mount Purcival, 26, who received two loads of buckshot in his right shoulder and breast at the hands of Alcorn, who claimed that he had to shoot to save himself an amputation, whom Purcival had threatened to kill, and fired five shots from a revolver in an effort to carry out his threat, so Alcorn says.

The shooting was witnessed by Mr. Bettie Alcorn, mother of the man who shot Purcival, and a small boy who accompanied the injured man, when he reached the Alcorn home. Tom Alcorn is a brother-in-law to Purcival, and the latter is charged with having enticed his sister, Alcorn's wife, away from her home, and it was when Alcorn asked Purcival as to the whereabouts of his wife that the trouble started. Purcival was taken to his home, a half mile distant, and is reported as hovering between life and death.

After the shooting Alcorn bade his mother goodbye, walked from his door past the prostrate body of Purcival and sought Deputy Sheriff Andy Poulfe, to whom he surrendered, and was brought to the Madison county jail. No action has been taken in the case, pending the outcome of the shooting.

Alcorn, when seen in his cell at the county jail, said he was sorry the trouble occurred, but maintained that it was only after Purcival had fired two shots at him, missing him, while standing in his door, then started across the fence to come to the house, threatening to kill him and his mother as well, that he reached for his shotgun and fired two shots at the approaching man.

"Purcival was the cause of my wife leaving me," said Alcorn, regarding the trouble.

When asked for a detailed account of the shooting, the following statement was given by Alcorn, who smiled as he recounted some instances and then grew serious, when mentioning the fact that his mother's life had been threatened as well as his own.

"Purcival is my brother-in-law and lives about half a mile from my home. I married his sister, and there has been trouble ever since. He coaxed my wife to go away, which she did, and I have not seen her since. He came riding past the house and I was standing in the door and asked him where she was. He swore and pulled his gun and, pointing it at me, said, 'I am going to kill you and the whole lot.' I jumped back when he fired two shots. My mother ran to the door and told him to go away. He threw one leg over the fence and started for the house, repeating the threat, when I reached for my shotgun and fired twice at him. He fell. I started out to give myself up, and as I passed he told me not to shoot any more, that I had already killed him. After I shot, and when he was down, he fired three more shots at me. I went to the officer, gave myself up, and here I am."

## RAILWAYS GET BIG RATE INCREASES

Freight Rates and Passenger Fares Boosted High By Interstate Commission

Washington, Aug. 2.—Authority for the railroads of the country to increase their revenues by approximately one billion and a half dollars was granted Saturday by the Interstate Commerce Commission.

Freight rates will be advanced about one-third; passenger fares one-fifth, and Pullman charges one-half.

Coastwise and international steamship lines and electric railway companies also were granted permission to increase their freight rates in proportion to the increases granted to the railroads, the same territory. No estimate of the aggregate amount to result from these advances has been made.

The new rates, which are to continue in force until March 1, 1922, will become effective upon five days notice by the carriers to the commission and the public, and they must be in operation before January. Since the government guarantee expires Septem-

## Weather For Kentucky

Fair weather and moderate temperature tonight and Tuesday.

## Today's Livestock Markets

Cincinnati, Aug. 2.—Cattle very slow; hogs 25c lower; Chicago steady; lambs 50c lower; Jersey lower.

Louisville, Aug. 2.—Cattle 2,200 slow and unchanged; grassers lower; hogs 1,200; 25c higher; tops \$16.50; sheep 4,000; slow and unchanged; lambs \$13.50.

## U. S. GUARDS HELD IN REMOVAL OF WHISKY

Georgetown, Ky., Aug. 2.—Two government guards appointed to watch the Buffalo Springs distillery, this county, were arrested Sunday morning as they were removing 30 gallons of whisky in an automobile, according to Sheriff Nunnally.

They are L. C. Guthrie, a Y. M. C. A. worker in France during the war, and G. M. Wallace, both former Frankfort business men.

Whisky has been disappearing nightly for a week, according to officials of the company. Deputy Sheriff's lay in hiding early this morning. Guthrie and Wallace were arrested after they had packed the whisky in an automobile, according to the officers.

They pleaded not guilty when arraigned before U. S. Commissioner Wiard, of Frankfort, and were held under \$7,500 bond. The preliminary hearing was set for August 6.

The two men presented warehouse receipts for some of the whisky stored in the warehouse. However, four charges were placed against them. Conspiracy to defraud the government of tax, removal of liquor from a bonded warehouse, having liquor unlawfully in their possession, and emptying barrels without canceling the stamps.

Eighty-two gallons of whisky, in all sorts of containers, were found concealed throughout the Wallace home, according to federal prohibition officers. One-fourth water had been added, they said. No whisky was found at the Guthrie home.

## Ponzi Paying Out; Has Plenty, He Says

(By Associated Press) Boston, Aug. 2.—The Securities Exchange Company, headed by Charles Ponzi, whose alleged operations in foreign exchange are being investigated by federal authorities, continued today the payment of notes of investors who presented claims. Anticipating demands, Ponzi ordered his office opened earlier than usual today. He said the "only thing that will keep us from meeting the notes of the investors will be writers' cramp. I may run out of check books, but I shall not run out of money."

## MR. GOODLOE SINKING

Judge John D. Goodloe, who has been at the Berea hospital for some time, where he was operated on for gall stones, has recovered sufficiently to be taken to the home of his son, John Goodloe, Jr., near White's Station, where it was reported that there was but little, if any, chance, for his ultimate recovery. For some time the condition of the patient, who is 80 years of age, was precarious, after which he rallied and was in an improved condition for several days. While it was feared that at his age the operation would be a serious one, it was given by experts as being the only course to pursue. Mr. Goodloe is one of the oldest and best known residents in the vicinity in which he has lived for years.

## THE ALLEN-WARREN POOL, WESTERN KENTUCKY, IS FURNISHING SOME GOOD STRIKES THESE DAYS, THERE HAVING BEEN A NUMBER OF PROMISING WELLS DRILLED IN.

## TWO TIMELY RAINS SAVE THE TOBACCO

Madison County Producers Who Were Apprehensive, Now Jubilant Over Prospects

The rain of Saturday night and Sunday, while not as excessive as desired in many places in Madison county, is said to have been a life saver for the tobacco crop and greatly beneficial to the corn, especially, and vegetables. The condition of the ground had become such that growth had stopped in most vegetation and tobacco, as well as corn, had begun to suffer. There was much apprehension upon the part of growers, which was increasing by the reports of rust and blight appearing, and there was much discoloration of tobacco in Madison county as a result of the intense sun heat an ideal night, with practically no rain for a fortnight.

Many were of the belief that the blight that is playing havoc with the crops elsewhere was much in evidence here, but a close examination found that the tobacco plants were just beginning to "fire up," as a result of the climatic conditions, which were unusual for the month of July.

It is estimated that thousands of dollars have been saved by the timely rain, and there is assurance now that the tobacco crop will develop, since it has reached such a stage that the topping has already begun in some localities, although not extensively.

Producers of tobacco are more than pleased with the outlook now, which was precarious upon the standpoint of the development of the plants last week. The rain was scattered, some parts of Madison county receiving a drenching, while others just received enough to be highly beneficial.

## RUSSIA IS WARNED BY THE RUMANIANS

(By Associated Press) Vienna, Aug. 2.—Bulletin—Rumania has served an ultimatum upon Soviet Russia giving the Soviets three days to withdraw troops from Rumanian territory, according to a Belgrade dispatch. In the event of the Russian's failure to comply, it adds that Rumania will declare a general mobilization. A threatening situation results over Rumania's claim to Bessarabia, former Russian territory adjoining Rumania, and running to the edge of the Odessa district.

## CASE OF RADICALS NOW BEING ARGUED

(By Associated Press) Chicago, Aug. 21.—Special Assistant Attorney General Comerford today resumed the final arguments in the case against 20 members of the Communists Labor party, on trial since May 10, on a charge of conspiring to overthrow the government by force, with the expectation that the case would be given to the jury before night. The 20 defendants helped to organize the party here last September, when the left wing of the radicals withdrew from the Socialist party. They were arrested in January, during the nation-wide roundup of radicals. The suspects include Wm. Gross Lloyd, a millionaire.

## MR. GOODLOE SINKING

Judge John D. Goodloe, who has been at the Berea hospital for some time, where he was operated on for gall stones, has recovered sufficiently to be taken to the home of his son, John Goodloe, Jr., near White's Station, where it was reported that there was but little, if any, chance, for his ultimate recovery. For some time the condition of the patient, who is 80 years of age, was precarious, after which he rallied and was in an improved condition for several days. The Allen-Warren pool, Western Kentucky, is furnishing some good strikes these days, there having been a number of promising wells drilled in.

## Monday—New York 5; Reds 2.

## Cotton Looks Better

(By Associated Press) Washington, Aug. 2.—An increase of more than a million bales in the prospective production of cotton over the indicated yield a month ago was forecast today by the Department of Agriculture. It is estimated now that the crop will be 12,519,000 bales.

## SEE PROPAGANDA ON APPAREL DEMAND

(By Associated Press)

Washington, Aug. 2.—Howard Figg, Special Assistant Attorney General in the enforcement of the Lever law against profiteering, today charged that manufacturers and jobbers of wearing apparel are attempting through carefully prepared propaganda "to stampede retailers and the public into a renewed fictitious demand" for clothing and thereby force higher prices. The Department of Justice is fully advised, said Figg, of several phases of this carefully prepared campaign and it only remains to fix the personal responsibility before applying the criminal provisions of the Lever law.

## LOOKING AT BOOKS OF COAL OPERATORS

(By Associated Press)

Louisville, Ky., Aug. 2.—Department of Justice Agent R. P. Hobson, announced here today that the Department is in possession of the books of the Harlan, North Jellico and R. C. Tway Coal Companies, all eastern Kentucky operators, with a view of obtaining figures on their selling prices for coal. The books were obtained, it is said, under the provisions of the Lever act.

## PARADE A FEATURE ON COX PROGRAM

(By Associated Press)

Dayton, O., Aug. 2.—The formal program for next Saturday, notifying Governor Cox of his nomination, is being formulated here today by Gov. Cox and the Dayton Arrangements Committee. A parade of the visiting delegations is the principal event scheduled, preceding the address of notification by Senator Robinson, of Arkansas, and the acceptance speech of Gov. Cox.

## TELEGRAMS FOOL HARDING ON LEACHE

(By Associated Press)

Marion, O., Aug. 2.—The claim that there is complete republican unity behind Senator Harding on the League of Nations issue was made in an official statement today by Harding headquarters here. The statement says it is proven by thousands of telegrams from every state, including "states commonly called democracies." The quantity of messages is termed "amazing."

## Swift's Produce Review

The egg market has been steady, with production practically sufficient for current requirements, though it is reported a small quantity has been withdrawn from storage.

The quoted butter market is somewhat easier. The storing season appears to be over, dealers apparently not caring to continue to store. Production is still fairly good and this is causing an increased supply of butter in the United States for current sales. There has been little change in butterfat prices from previous week, but the tendency is lower.

Prices on live fowl are slightly higher with a steady tendency movement fair. Live broilers are being offered in larger quantities, and prices have declined from those quoted last week. The market has a lower tendency on account of constantly increasing receipts.

The hope of lower prices is said to be the cause of the restraining of wholesalers in buying these days.

Near Trenton, N. J., Alonzo Haring, wife and nine children were struck by a train while automobile, all more or less hurt, several fatally, reports say.

## HAMMOND BURIED; MURDERER SOUGHT

Warrant Charging Murder Is Filed—Police Withhold Important Clues For Present

Funeral services for John H. Hammond, L. & N. assistant section foreman, killed by a blow on the head by Elden Shanks, negro, employed on local tracks, took place Sunday afternoon at the Richmond cemetery, being conducted by Rev. D. H. Matherly, of the Second Christian church.

There was a large attendance of railway men and friends of the murdered man, who witnessed the impressive ceremony. During the time the last sad rites were being observed at the cemetery, there were a number of valiant officers keenly seeking the fugitive from justice,—the murderer,—who left the scene of the fatal assault soon after the trouble. He was reported to have been seen in several parts of the county, but it is evident he has made good his escape, since no tangible clue has been obtained. It is known that Shanks walked north on the tracks after he struck Hammond and was making his way towards Red House. That he left the railroad tracks and took to the country is assured for Chief of Police Devore, who was later notified, reached Red House far in advance of Shanks, had he continued along the railway tracks. He was later reported being seen at Berea, and also in Richmond as late as two o'clock Friday afternoon. This report, however, is scouted by the police.

A warrant charging murder was filed in the local court against Shanks late Saturday, and a description has been sent broadcast. The opinion of the officers on the case is that the murderer will be apprehended within a short time, since they have some information they are withholding from the public at present.

War against John Barleycorn has been started in the home of Jamaica rum. Two American missionaries, the vanguard of a prohibition crusade, have just aided League against Alcoholism, which it is said, is to affiliate with the World's League against Alcoholism, headed by Rt. Honorable Lord Dunsany, the Rt. Sir Donald McLean, M. P., and Lord Rowland, vice president.

One of the American missionaries urged the mass meeting to follow the lead of "Pussyfoot" Johnson. One of the chief obstacles to making Jamaica dry is the manufacture of rum, an industry which is said to net the government fully \$1,000,000 in revenue annually.

## "A" HUNDLEY WON BIG STAKE

(By Associated Press)

Mr. A. E. Hundley won the Yandell plantation stake for mares, geldings and stallions at Harrodsburg Friday with his fine Canary Bird mare. The premium of one hundred dollars was given by Mr. L. P. Yandell, of New York City. There were fourteen entries in the ring and Mr. Hundley's Canary Bird was the unanimous choice of the judges. There was an immense crowd at the fair Friday. At noon six thousand tickets had been sold and not less than two thousand were sold in the afternoon, making a total paid attendance of eight thousand people. Mr. D. C. Tucker, who has been attending the fairs at Harrodsburg for thirty-five years, states that never in his recollection has he seen a larger crowd at Harrodsburg fair, except in 1888, when Bonnie Wilmore was defeated by Nancy Hanks. At that fair he says there was not less than 10,000 people present.—Danville Advocate.

## LANCASTER YOUNG MAN DEAD

(By Associated Press)

Mr. T. Bourne, a well known young Lancaster man, who was taken to the Danville and Boyle County hospital suffering from a violent attack of appendicitis, died Saturday. An operation was resorted to in an effort to save his life, but this was of no avail. He was 21 years of age.

At Danville, Sheriff M. J. Farris arrested Aaron Miller on a charge of defrauding an innkeeper in Estill county. Miller left Irvine, it is charged, without settling his bill and when arrested gave bond of \$100 for his appearance before the county judge of Estill county August 7.

# President Wilson is Perplexed

over the position taken by the miners who are striking in this country. He has ordered them to return to the coal fields in order to solve the coal situation this winter. Don't take a chance by waiting to put in your coal later—there's no telling what the price will be September 1st. We can take care of your orders now. Don't wait any longer.

**FOR COUNTY JAILER:**  
SAM HUNTER.

**FARMER COMES TO CITY**

There has been a great deal of written recently on the subject of taking city conveniences to the farm home and a great deal has been done in this direction, but it should not be inferred that the farmer is waiting passively for these things to be brought to him. He is coming to the city for the conveniences he needs.

It is no longer a matter of the farmer having time for only occasional visits at long intervals to the city and upon some not very urgent business. He now comes frequently for all kinds of purposes. If you will ask city merchants in all lines, you will find that high grade clothing, furnishings of all kinds for the home and a wide variety of other first-class articles are sold as much to farmers as to city people, and for that matter the farmer and his family come to town for entertainment as much as for business. Stop outside of any motion picture theater when the crowd is coming out and you will see much more than a sprinkling of farm people who are driven in to the movies in the

evening. Twenty minutes or a half hour at the most in their car will bring them in from the farm.

The reason behind this greater frequency in coming to town lies in improved labor conditions on the farm. There was a time not so many years ago when field work was much harder on account of doing a good part of it by hand, and when the chores always took a long time because they represented hard work entirely. Now, however, power has supplanted hand work to a great extent. A great deal of this power is furnished by small electric plants installed on the farm and which furnish not only electric light, but plenty of power for churning, pumping, sweeping, washing, ironing, milking and separating.

It is labor saving of this kind which has given the farmer and his family the opportunity to make the most of business and social advantages to be enjoyed in the city.

**LIVESTOCK LAW TO BE EFFECTIVE THROUGHOUT COUNTY**

Concerted action upon the part of residents of every precinct in the county looking toward the establishment of the livestock law is being augmented and it is believed that within another year this new special rule governing the allowing of livestock to run at large will have been established throughout Madison county to a precinct. There is action of this character already in court, and this is from Newby. There is an enforcement of the law in a few other precincts, and it is the intention to have the law made effective throughout the entire county with the result that another year there will be no live

stock seen upon the public highways except that being driven to the market. This movement, which has been under way for some time, has been generally taken up in other counties, with the result that it is very satisfactory, hence the movement here. There has been considerable trouble as the result of the lack of law in this regard, and the farmers have arrived at the conclusion, as one of them stated Monday, that "what is sauce for the goose is sauce for the gander," and they are going to ask for the new law by election as soon as the canvas can be established, there being no dissension, it is claimed, upon the part of any of the farmers.

**Hully Gee! Girls Had "Hooch" In Their Bustles**

Newport, Vt., August 2.—Memories of crinoline days were brought back to a government inspector here when he saw on a train three Montreal girls with prominent bustles. In fact, they were so prominent that he called in a matron and had the young women searched. Lo, the bustles were bottles of "hooch." The girls said they were bringing the "hooch" to a man who was to meet them at Manchester, N. H., railroad station. They were released on bail on the charge of smuggling into the United States.

Beverloo, Belgium, July 31.—Commander Carl T. Osburn, of the United States navy, yesterday won the Olympic individual target shooting competition with army rifles at a distance of 300 meters in standing position. His score was 56 out of possible 60.

## GIRLS' ORCHESTRA

Tuesday evening at the Richmond M. E. church there will be an unusual entertainment in the way of a concert by the girls' orchestra from the L. O. O. F. home at Lexington. This will be the first one given in this immediate vicinity by the organization, which is making a tour of the state, and which is attracting considerable attention. There will be a program, comprising vocal and instrumental music, that will be out of the ordinary in many respects. The entertainment is free, and it is expected that the usual big crowds which have been attending these events in other cities will be duplicated here. There are a number of very promising singers with the aggregation of players, and as musicians they are said to be out of the ordinary, their age considered.

## DAVID DEATHERAGE IS HOME WITH HIS BRIDE

David Deatherage and bride, of Oblong, Ill., are in the city, guests of the former's parents, Mr. and Mrs. G. W. T. Deatherage. They will remain for a week or two. This is the first visit of Mr. Deatherage since his marriage some time ago to a well known young lady of Oblong. They made the trip through in a machine and they will return later, taking in a number of cities and other places of interest. Young Deatherage has entered the oil business, in connection with farming, oil having been found on his farm, and is one of the fortunate ones in the comparatively new oil field recently opened up there.

## ALL THE NEIGHBORS RAIDED CAR OF BOOZE

Percy Reid, who spent several days in Detroit last week, trying to get a Scripps-Booth car for a new agency for that machine here, tells of a wholesale raid on a car of whisky. He brought a Detroit paper which gave the following account of it:

A box car ostensibly carrying shingles, rolled into the Essex terminal railroad yards early Saturday. Evidently some persons knew the car was coming for they were ready to relieve it of its load. They opened the car and carried away as much as they could before daybreak.

Men on their way to work investigated and found the shingles to be Old Crow whisky. They went right home with all they could carry. Their wives returned with them and helped to carry bottles in their aprons. Express carts and the children were pressed into service until the surrounding district was well supplied.

The car was bonded for 500 cases. What the bootleggers got who first opened the car could not be determined. When the neighbors. When the neighbors got through there were 117 cases left. The police are at a loss whom to prosecute for the disappearance of the liquor. There is also another car marked "shingles" but it has not been opened.

New York trunk mystery promises to be cleared up this week.

## PEACHES PEACHES

I have fine Elberta and J. H. Hale peaches for sale during the month of August. They have been sprayed and properly cared for and you will find them free from worm and defects of any kind.

They are fresh juicy, free-stones, the popular kind for canning and preserving, and will be shipped to you direct from my orchard at Conway. Prices reasonable. I am taking orders now for future delivery. Call 511 or 874.

## ATTENTION DEMOCRATS

Madison County has no candidate for Congress. The Democratic party in control at Washington City managed and directed the placing in the field of the greatest army ever assembled under the Stars and Stripes and this army put to rout the German forces and caused the downfall of the greatest military power on earth.

The Democratic party should recognize the valiant service rendered by the boys in khaki by nominating a soldier in this district.

Col. Frank Ripy was at the front during the fighting. He stands squarely on the Democratic platform as promulgated at San Francisco without reservations, additions or "isms."

Col. Ripy is not in favor of African Slavery, Polygamy, the sale of liquor at county stores or any other remote or dead issues. He and his people have always supported Madison county candidates for Congress, Governor and United States Senator. If nominated he can defeat the present Congressman, King Swope, in November.

Vot for Ripy next Saturday, and let it be understood that we are for our boys in peace as in war.

A man who thought of his country before himself in time of war will think of his country first in time of peace.

COL. FRANK L. RIPPY

A man who does not have to make excuses for not serving his country in war will not have to make apologies for his record in Congress in the days of readjustment.

# BALLOON ASCENSION

## AUGUST 7, 1920 3:00 P. M.

### In Front of Our Store

There will be a tag attached to the balloon. Whoever gets the tag will be presented with a handsome present by us. There will be another balloon sent up **SATURDAY, AUGUST 14,**

3 p. m., with tags attached, and the handsome present will be given to parties returning these tags. Balloons will be the only things to go up and everything in our entire store will come down with a crash. We are now

arranging our stock and marking everything down 20 per cent below present prices with a few exceptions, namely, Edison and Victor Talking Machines, Electric Cleaners, Electric Washing Machines, Electric Bulbs.

## 20 PER CENT. REDUCTION on CASH SALES ONLY

To our patrons and friends, we extend to you a cordial invitation to attend our sale and help us make it the greatest selling event ever held in Madison County. We mention below some of the features that we have arranged for your benefit and pleasure in addition to this 20 per cent reduction. We intend to prove to you that we are selling goods much cheaper than they could be bought in large cities. We want to stimulate a pride in Richmond and seek your co-operation in helping us to spend your money at home and thus keep our money in circulation here rather than to spend it elsewhere where it will benefit someone else and not us.

### Feature No. 1 consists of two car loads of **Majestic Ranges and Stoves**

bought some time ago, since which purchase they have advanced 25 per cent. We are going to sell them at the old price and give an eleven-piece aluminum set with each range sold. There will be representatives from this factory to demonstrate these stoves. We cannot too urgently ask you to come and get yours before these are gone, as our next purchases will have to be at the advanced price. See Big Free Demonstration.

The next feature is the demonstration of the wonderful

### **EDEN WASHING MACHINE**

by representatives from the factory. Now, my good man, you fooled the woman once when you asked her to have you; fool her again and buy her one of these machines. Turn her drudgery into pleasure and thus prolong her life, to say nothing of the clothes. **FREE.**

Another feature is the

### **WHITE SEWING MACHINE**

which will also be demonstrated. Why pay two or three dollars to have one dress hemstitched when, for a dollar, you can put a hemstitcher on your White Sewing Machine and do all your own hemstitching the rest of your life. This is not the only attachment it has that no other machine has. It also has the ruffler, hemmer, and embroideries fancy pieces that look just like hand-work. Come and see some of this work and be convinced. **ALL DEMONSTRATIONS FREE.**

In addition to these features, we shall give a ticket each to the first three hundred people to enter the store Monday. These tickets are all numbered. We shall give away three prizes. The party having the lucky number, the first prize, a handsome rocker; the second prize, a

handsome Art lamp, and the third prize, a handsome picture. Each day thereafter during the sale we will give away a hundred tickets; to the one holding the lucky number we shall give a handsome prize. The prizes each day will be awarded at 3 o'clock. Be sure to be here and be the lucky one. **FREE.**

## TOTAL PRIZES TO BE GIVEN AWAY DURING SALE 20

Keep your tickets, even though you do not draw a prize, and the last day the person holding the most tickets will be awarded a **RANGE**; to the one holding the next greatest number will be given the preference of a library table or floor lamp, and to the person holding the third greatest number will be given a set of Aluminum Ware.

We have secured the services of J. T. and H. J. Sullivan, Sales Managers, of Louisville, to conduct this sale for us. Either of these gentlemen will be glad to answer any question during this sale or to assist you in any way. Don't hesitate to call on them for any assistance.

You can't afford to miss the biggest sale of our lives, and a good time, to say nothing of the bargains and presents. **FREE.**

## Our Stock Consists of

*Pianos, Piano Players, Music and Records, Organs, Talking Machines--Victor, Edison, Columbia and Pathe. Living-room, Diningroom and Bedroom Suites, Beds, Mattresses and Bedding, Rugs, Matting, Linoleum. Rockers, Porch Chairs, Dining Chairs, Period and Odd Chairs, Chiffoniers and Chiffoniers. All kinds of Sweepers, Art and Floor Lamps, Ranges, Stoves and Heaters. In Fact Everything in House Furnishings*

# Congress is the Key to Dry Enforcement

## A Vote for GILBERT Means a Dry Congress

A wet Congress can effectively cripple and practically annul the enforcement of the National Prohibition Amendment by cutting down the appropriation to meet the necessary expenses of law enforcement. Or it can amend the Volstead Act to permit the sale of light wines and beer. Federal Commissioner of Prohibition Kramer says: "We might as well give up the whole thing and let it go by the board if we are to permit sale of wines and beer. Soft drink establishments are troublesome enough today, but to change them to wine and beer saloons and no power on earth can enforce the law or limit the amount of alcohol in the drinks sold."

If there ever was a time in the history of temperance reform in America when your vote and your influence will count 100 per cent, that time is now.

DRY DEMOCRATS OF MADISON COUNTY SHOULD NOT GIVE UP THE FIGHT WITH VICTORY WITHIN THEIR GRASP.

Gilbert is a lawyer of marked ability and has owned and operated a farm for 15 years. **HE IS FEARLESS IN HIS STAND FOR THE DRY CAUSE** and the principles of Democracy. His record in public as well as private life will bear the closest scrutiny. **HE DOES NOT CONCEAL HIS VIEWS OR HIDE HIS OPINIONS** and you know where he stands on every public question. Since Gov. Cox has said that the liquor question is not a presidential issue, but must be settled in the Congressional election, Gilbert is more than ever the strongest man for the Democrats to nominate and pit against King Swope, the Republican candidate, in November. Go to the polls on August 7th and cast your vote for Gilbert and you will vote for your next Congressman.

### NEW LAW REQUIRES RE-APPORTIONMENT

An order was entered in the county court Monday by Judge W. K. Price providing for the re-apportionment of the magisterial districts of the county into voting precincts in conformity to the law recently passed by the legislature giving women the right to vote in the coming presidential election.

Probably eight or ten additional precincts will be established. Two commissioners, one democrat and one republican, will be appointed for each magisterial district to reapportion their respective districts.

Mrs. C. S. Ratliff, of Irvine, was a visitor in Richmond Friday.

### ROBERT CORNELISON

#### WAS MISSING SOMETHING

Robert Cornelison, who some time ago changed his residence from his farm to Berea, where he expects to take a rest for a year or two and send his children to school there, was in Richmond Monday morning bright and early, stating that he had not been satisfied with his new home, and did not understand the reason until Saturday night, when the discovery was made. While subscribing for the Daily Register for a year, he explained he was missing the news of the county, and found that this was what he had not been getting since he had moved, since he had been missing the daily paper.

Miss Margaret Azhill has returned from a visit to Lexington friends.

### MEXICAN GYPSIES TRAVEL BY AUTO

There is a big band of gypsies encamped east of the city and they are traveling in regal style, a number of automobiles, not of the flivver variety—being connected with the caravan. Several horses are to be seen that would command a good price if presented for sale at the local market, and there are aluminum utensils and Indian blankets of rare design on display about the camp.

During the day, several of the men of the party, all of which is said to be from Mexico, came to the city where they spent the day trading horses. They speak Spanish fluently, and several trades are said to have been made. One of the members stated they had been out of Mexico since last spring, and had been enjoying the trip, since they had sold their lands in the south and were continuing their way north, to enjoy the scenery, which they asserted as very beautiful. They stated they would buy land in this state, if their present plans did not go awry.

Matron—I object to these one-piece bathing suits.  
Daughter—Oh, mother! I think I ought to wear something.—California Pelican.

Miss Nancy Rice, of Livingston, is with friends here this week.

### Man Sought The Sheriff To Have Self Arrested

James D. Middleton, for whom a warrant was issued about two weeks ago upon complaint of Nora Hamilton, charging him with seduction, upon learning of the action, presented himself to Sheriff P. S. Whitlock and taken before the Madison county court Monday, where he was placed under bond of \$200 for his appearance Friday, August 13, for examining trial. Middleton, who is a carpenter and farm worker, stated he lost no time in getting to the city upon learning their was a warrant for his arrest, and he, together with a number of friends spent some time searching for the officer with the warrant, and upon it being read to him, Middleton arranged for his bond immediately and seemed surprised, although although he stated he would be present on the date of the trial, Friday, August 13, he not being in the least superstitious.

### May Play Labor Day

Manager George McCoy, of the Richmond city base ball team, is preparing his team for a game which, in all probability will be played here on Labor Day, the contending team being the Mt. Sterling team which took the local boys home on July 4th. The team has been wanting a game for some time, but Manager McCoy has been busily engaged in other work to such an extent that he has been unable to get his team men together.

### Berea Prisoner IS HERE TO SERVE 30-DAY SENTENCE

Deputy Sheriff William Johnson came in from Berea Saturday night with Leon Chao in charge, the latter having been arrested and convicted of petit larceny, and given a sentence of 30 days. It is claimed Chao, who had been in Berea for some time, pur-

loined a quantity of dress goods and other chattels in violation of the law and was found guilty upon a trial late Saturday.

### REGULAR TRAINING GOES ON

Some parts of Madison county are being well and quickly covered by the William Woodard Thoroughbreds,

being trained at Boonesboro for the cross country race in the east during the early fall, and the steeds are said to be making good records already. Their trials will be extended until they are able to make the required distance within a short period of time before being shipped east to be entered.

Misses Ora Carpenter and Bernice Norris, of Berea, have returned from a pleasant visit to Mrs. J. R. White in Irvine.  
Mr. and Mrs. G. G. Cornelius arrived from Indianapolis Saturday and are being cordially welcomed by their many friends.

The Courier-Journal says: "Miss Mary Marvin Moore, of Ashland, is the guest of Mrs. Julian VanWinkle in Louisville."  
Mr. Smith Gentry, of Palm Beach, Fla., who has been with relatives here at Swango Springs this week for the benefit of his health.  
Messrs. Marshall Huest, Robert Noland, William Terrill, Hugh Young and Nelson Hurst left Sunday for a week's camp at Boonesboro Beach.  
Mr. and Mrs. M. F. Cornelison, of Louisville, and Mr. G. D. Hamilton, of Somerset, are guests in the home of Mrs. J. B. Stouffer on High street.  
Mrs. D. W. Ward has returned to her home in Paintsville, having spent the past month with her daughter, Mrs. C. P. Willoughby, on Aspen avenue.  
Miss Marie Champy, of Lyons, France, a member of the faculty of Vassar, 1919-1920, is spending a few days with Mrs. C. C. Wallace in Burdwood, en route to California for a visit.

**Golden Wedding Celebrated**  
The golden wedding of Mr. and Mrs. Samuel C. Nuchols, Sr., was celebrated at their home on the Shryock's Ferry pike, near Versailles, where two hundred and fifty guests gathered Wednesday night. Mr. and Mrs. Nuchols were assisted in receiving by their children, Mr. Louis A. Nuchols and Mrs. Nuchols, Roanoke, Va.; Mr. Claude E. and Mrs. Nuchols, Albany, N. Y.; Mr. Robert Gay and Mrs. Gay and Miss Lila Marie Nuchols. Of the attendants at the wedding fifty years ago those present were Mr. Ed M. Wallace, Mr. D. L. Thornton, Mrs. E. M. Wallace, Mrs. Allie Ballard and Mrs. Pattie Hughes, Mr. Charles E. Wasson, brother of Mrs. Nuchols, was unable, by pressure of business, to be present. Out of the original ten who composed the wedding party, only two have passed away.  
Among the interesting mementoes of the wedding was the invitation to the wedding received by Mr. John T. Perry. It was an invitation from Mr. and Mrs. John M. Wasson to Mr. Perry and wife to attend the wedding, which was solemnized at the Christian church, Versailles. The ceremony was performed by the Rev. Mr. McChesney, who died years ago.  
The house and grounds were decorated with Japanese lanterns on the grounds and flowers in the house.  
The five children of Mr. and Mrs. Claude Nuchols, Albany, N. Y., the only grandchildren, were present.  
Mr. and Mrs. R. C. Stockton, of this city, are relatives of Mr. and Mrs. Nuchols and were present for the delightful occasion.

### Rheumatism Comes From Tiny Pain Demons

Disease Caused by Germs in the Blood.

Medical scientists differ as to the causes of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment, is to attack the disease at its source, and cleanse the blood of its cause.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S. S. S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, Swift Laboratory Atlanta, Ga.

### KENTUCKY GROWS MELON COMING IN A FORTNIGHT

Watermelons, the genuine Kentucky home-grown product, and generally the best on the market during its season, will be here within two weeks, stated Frank Sanders, living in the vicinity of Waco. He estimates that the crop of melons will be equal to that of blackberries, which is one of the highest in years. He has several thousand vines, and reports that while some of the vines suffered from the recent drought, they were not seriously injured, and that prospects for an exceedingly large melon crop were good. The same can be said of cantaloupes, although it is the belief that this variety of melon is not as extensively grown this season as last.

### NEW SCHOOL LAWS BEING ENFORCED

Big List of Absent Children Visited By Truant Officer—Big Meeting of Teachers

All children of school age in Madison county must go to school. The change of books will come later and definite information will be given out relative to this soon. Teachers have been given information regarding the new compulsory law and the truant officers will see to it that it is obeyed.

There was a large representation of county teachers at the first regular meeting of the year at the court house Saturday, when business of a general character pertaining to the school organization, truancy matters and the new law in general were discussed and explained. The teachers were anxious to be enlightened relative to the requirements of the new law and will assist Truant Officer Paris B. Akin, also supervisor of the schools in his work. The effect of the newly appointed officer is already being felt in a number of homes and the attendance of a number of schools has been materially increased by his attention to the matter of causing all of school age to be in attendance. There are a number of instructors of the Berea College, as well as Prof. Booth, of the Eastern Normal, assisting with the work and the intention is to have every child of school age in attendance within a very short time. Mr. Akin, who started the work for the first time in the county, reports that the parents of many children absent from school took the matter seriously and, with a few exceptions, represented they were anxious to do his bidding, and many of the heretofore "weak excuses" offered will be done away with, since parents are being forced to realize that the obedience of the new law will be imperative.

The change in school books, coming later, will be another feature added to the list of changes during the present year, and there will be a meeting of the board in the near future at which this matter will be taken up and a definite report made to County Superintendent Edwards.

### BLACKBERRY NEVER SO LUSCIOUS OR ABUNDANT

What is said to be the most bountiful crop of blackberries in a score of years in Madison county is being enjoyed this season, and the product of the county is well represented in Richmond and other cities and towns, as well as the greatest quantity ever shipped to outside points, it is claimed. There are good prices prevailing and many who have been unable to attend to their crops and pick the berries have hired this work done, many on the shares, while other pickers were paid by the gallon. The berry this year is reported also to be the biggest and best, being more tasteful than ever.

MRS. M. E. SMITH, prominent Tampa, Florida, woman who says, thanks to Tanlac, she is now able to walk around without the help of a cane after eight long years of suffering. Says friends are all astonished at her improvement.

"I am so glad my health is being restored after suffering for over eight years with indigestion and rheumatism that I feel like telling everybody about Tanlac," was the enthusiastic statement made recently by Mrs. M. E. Smith, one of the best known and most highly respected women of Tampa, Fla., residing at 906 Morgan street, in that city. Mrs. Smith's statement is a most remarkable one and will be read with interest by a host of devoted friends.

In referring to her recovery Mrs. Smith said: "The rheumatism from which I had suffered for years even before I had stomach trouble, pained me worse than ever, and until recently I was not only unable to walk without the use of a cane, but I was so weak at times I could hardly get out of bed. I tried many medicines but nothing helped me and I almost despaired of ever getting any better."

"Then Tanlac came along and it was helping so many people here in Tampa, my son brought me a bottle and it had such a wonderful effect on me that I immediately sent for five more bottles. In just a few days after I began taking this grand medicine, my appetite began to improve and in only a short time I was able to enjoy my meals and everything seemed to agree with me perfectly."

"My rheumatism is so much better and I have so much more strength, I am now able to walk all about the house and up and down the stairs without my cane. Friends, who have become so accustomed to seeing me walk with my cane are astonished when they see me walking around without it."

"I will always praise Tanlac for what it has done for me and I am only too glad to have an opportunity to recommend it to my friends."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

### FRIENDS FLOCK TO WM. TATUM HOME

The funeral of William Tatum, Berea city officer and prominent resident who met such an untimely death Friday evening by the belated explosion of a dynamite charge while at work on the Dixie Highway south of Berea, took place Sunday afternoon, and the attendance was so extensive that but a small per cent of the popular man's friends were able to hear the ceremony. The home was visited from the time the mangled body arrived until the time of burial by a constant stream of the residents of the city and county, young and old, who insisted in a kindly way to express their sympathy to the bereaved and the respect for the dead man. The residents of Berea especially feel the loss of Mr. Tatum, who was recognized as a tower of strength in the place, as well as the surrounding county. There was a profusion of floral offerings, mute testimony of the friendship and respect commanded by the unfortunate man.

Miss Christine Sandlin is visiting friends in Louisville.

### EXPERT TELLS HOW COMBAT WEED RUST

Tobacco Growers Given Some Good Pointers By Experiment Station Man

Dr. W. D. Valleau, plant pathologist of the Kentucky Agricultural Experiment Station, addressed a crowd of about 250 farmers at the court house Saturday afternoon and told them how to combat wildfire, rust and root rot, the three tobacco diseases that are now damaging many of the fields of the county, says the Lexington Leader.

He advised them to save disease-free seed with which to start their plant beds for the crop of 1921 and to cut out the crop on land where these pests have attacked the 1920 crop.

He also advised the burning of all precaution against the reappearance of the pests in next year's crop.

Former Magistrate A. F. Shouse called the meeting to order and J. D. Clark, farmer and farsehouseman, was elected chairman.

Dr. Valleau in his address said there were several plant diseases, three of which he desired to speak about, leaf-spot and wildfire having been found widely distributed. Wildfire, he said, also had been found in the east.

Dr. Valleau exhibited leaves affected with the wildfire and told how plant beds were generally affected by the disease last spring. He told how the spots started from small centers and kill large portions of the leaves. The disease, he said, was probably carried from the seed bed to the field bed and spread more rapidly in rainy and windy weather.

The side of the plant toward the wind, he said, was always more affected than the sheltered side. He said the worst damage was done in the eastern, southern and southwestern sections of the county.

Dr. Valleau said the worst damage was done where there had been the most rain and that the spots had already caused a loss of \$100,000 to \$150,000 in the affected counties.

He called attention also to the freeze spot, which, however, does no damage to the leaf. The freeze spot, he said, was a fungus, while the wildfire is bacterial.

Next, Dr. Valleau took up the tobacco rust or angular leaf spots, also caused by bacteria, and also damaging in rainy and windy weather. He showed dead leaf spots appearing between the veins of affected leaves.

Dr. Valleau said the two spots were distinct and there should be no difficulty in telling them apart. He declared it necessary to take steps to eliminate the wildfire during the coming year. He told of work done in North Carolina to stop the disease and advised this year the saving of seed pods from fields not affected. He advised all to look up disease-free fields and bag enough seed to plant their fields for next year.

Dr. Valleau said the angular leaf spot could be eliminated in the same way. Sterilization of the soil by steaming is also advocated in place of burning. He urged bagging of the flowers both to prevent crossing and to insure disease-free seed.
